Microbiological Characteristics

Bacillus cereus:	Maximum 1 x 10 ³ UFC / g
Salmonelas:	Absent in 25 g
Coliforms:	Maximum 1 x 10 ² UFC / g

Sensory Characteristics

Aspect: An ultra fine ground yellow flour prepared from milling de-germed maize to a particle size ideal for most applications (100% Cornflour) Color: Yellow
 Odor: Corn characteristic, without strange or mold odors

Packaging

Polypropylene bags weighing 50 kg, big bags and in Bulk

Shelf life

365 days from production day, protected from sun. Should be kept in clean, dry and fresh place, away from infestations and impurities

Transport

Must be carried in clean and dry vehicles, away from bugs and impurities that could contaminate or modify the product

Remarks

In the case that the characteristics will exceed the limits specified, the product will be destined to other purposes and/or for clients where specification fits
